D'ua Ayahul Kursi

Supplication of the Verse of the Throne
Quran 2:255

Information about the D'ua of Ayahul Kursi:

Mawlana Shaykh Hisham alQabbani said: The du'a of Ayah alKursi has been presented in part through those who are **khudaam, (servants for this ayah)**. They are from angels and from jinn, who are the servants of this ayah (Ayah al-Kursi) to anyone who recites this verse in that (special) way. The (special) way that you read this Ayah, activates all the angels and jinns that are under that ayah (verse) to help you with whatever you are doing and protect you from everything that may come. The king of all those jinns who are under that ayah is, King al-Malik Kandiyas; who is the one that sends these jinns. That is why there are some codes mentioned in this Ayah that are jinns' expressions, which will make a jinn servant of this verse to come out and help you in what you need. That is why we say أَعِينُونِي a'yinoonee', "to help me in what I have to do." Then we say "O Allah make under my authority the spirituality of this ayah in order that these jinns and angels can help me in what I need." And then we recite, أَسْأَلُكَ أَنْ تُسَخِّرَ لِي خُدَّامَ هَذِهِ الْآيَةِ 'asaluka an tusakhkhira li khudaam hadhihi alAyah, to make the helpers/servants of that ayah to assist me in what I need. Then we say, a jinn expression and [another] a jinn expression and [another] jinn expression.

May Allah forgive us! You can translate and photocopy this Du'a. And with Mawlana Shaykh Muhammad Nazim alHaqqani's baraka and authorization, "I am authorizing that this Ayah to be read by any of you who have problem. It has to be read 7 times a day. That will be protection from any major problem coming on earth that will be a protection for all of you. Wa min Allah at tawfeeq, bi hurmatil atiha."
